Dear Sir:

I, Lin Zhen Man, HKID D188015 (3) , about your LegCo Ref No : CP/C 85/2020

As seen from the news, the so-called medical experts of **HKU's Yuan Guoyong** and **Ho, Pak Leung** who once again blabber to the media about the 66years old woman to be "diagnosis" for a positive case of **new crown pneumonia** on 2020.5.13 morning, and continue to blabber the "**Prohibition on Group Gathering order**" should not relax and need to think over to relieve the arrange of resume classes, and also the whole people must continue wearing masks...

Today the chaos in HK will continue to be seen from the above, therefore, on yesterday afternoon I can only contact by a phone call to your Secretariat of **Feng Xi Yu** lady, but whom only have in a word of about the "isolation order" we already follow up and already inform you..., but today's focal point of chaos still more at the "**diagnosis**" means it yes or no to upside down the medical ethics with to tort? And lead to rule by law in HK the base already does not exist in HK the fact perfectly clear in I had a letter at www.ycec.com/HK/200330.pdf to Chief Secretary for Administration on March 30, 2020, and this letter does not also by the attachment fax to your legislative members? !

Why today's health officials why still willing to kneel those wicked medical monsters of **Yuan Guoyong, SC Hui** with **Ho, Pak Leung** in front of continue use the "**diagnosis**" means of **upside down medical ethics** with **anti-osseous item** continue to fool the people of HK, their sins are as follow:

- 1 . Currently Department of Health the "**nucleic acid**" rapid detection methods can only to distinguish between the state of life and death of **germs** or **microorganisms** (now still referred to as a **virus**) only, the deceased to call was a shade of nature, if still have force the survivor to turn call a **positive**, but it can not differentiate their **DNA**! Also on the horizon anyway is the ordinary cold or any type influenza include all in air not alike of the same clan those **virus** to **unify false call** was "**Wuhan new crown virus**" the infected or "invisible patients" must to isolation sure?
 - A . Such this "**diagnosis**" means firstly violate the **《Crimes Ordinance》** of Cap. 200 **O.71** "**The offence of forgery**" with **O.73 & O.93** , the involve crimes first include college of medicine of **HKU, CUHK & PolyU** this group of so-called Medical specialist; 📧
 - B . Such this "**diagnosis**" means only for the "isolation order" to open up a road but still to hide the motive to murder others also to violated **《Offences against the Person Ordinance》** of Cap **212. O.14** , so the Department of Justice Prosecutions Office also already to be duty-bound; 📧
 - C . And as above the fax received to reading at the same time as all the HK media and legislative members who are to clear know the "**diagnosis**" means to fake but no more to question still more further to carry masks after group play on **TV** to help to fool all citizen is also violated the **《Crimes Ordinance》** of Cap. 200 **O.73 & Aiders and abettors of O.93**, as soon as to follow the public prosecution program to convict sb., it will can to imprisonment for 14 years!
 - D . Especially as the media and members **still more reasonable** for public benefits to appear

personally to query the Department of Health and so-called government team of experts, such this forgery of “**diagnosis**” means yes or no to open to infringe upon the human rights and must to inform public? Otherwise, also same to violated **Cap.200 O.159A** the evidence of **《The offence of conspiracy》** already to establish in here! 🚩

- 2 . Besides, by the nasal cavity or mouth cavity and after to improve on the “**Deep Throat**” to scrape out same equal out of body the **germ** or **virus** after withdraw to **upside down medical ethics** by “**nucleic acid**” detection methods to “**diagnosis**” in vivo morbidity, this medical fraud of HK’s **special product** already to **disaster Global**, it never be good at the international can pull out **two premier** of **British** with **Russian** also to “**diagnosis**” that just for this medical fraud can to hide its head after not show the tail?
 - A . Such to hold at crude everywhere must have the in vitro microorganisms or virus to use “**diagnosis**” that is the most shameless **medical scam** of this century!
 - B . That is "isolated persons" without except must to sign an isolated contract, so same to violated the **《Misrepresentation Ordinance》** of **Cap.284 O.2**, the **separator** with all by this **medical scam** to sufferer industry and staff equal can under **Cap.284 O.3** with **《Civil Liability (Contribution) Ordinance》** of **Cap. 377** to claims the damage to the Department of Health! 🚩
- 3 . Especially at www.ycec.com/HK/200128e.pdf of "**Lung-Airstreams Epidemic Prevention Law**" has been let your legislative members and the HK media to be known to all, as long as to use just for any new or old the **crown pneumonia**, any influenza and the antipyretic can get away at once, and lifelong will not have a cold to fever, and thereafter I also inform to wear masks it be bound to harmful to health, but from the **TV** in before the middle of a month it can be seen, that why legislators who instead further collectively to play wear masks? 🚩
 - A . If the media or parliamentarians who still can feint be a fooled also ought to call or let a reporter at the public occasions to face to face ask **SC Hui whether** the "**Lung-Airstreams Epidemic Prevention Law**" whether effective? . And ask why such this simple invention was not from him, this professor of respiratory medicine? If who can't deny it, do you still need to vaccinate and wear mask and wash your hands frequently? That **SC Hui** still have what the **dog face** can continue to trick public in front of the public media? ! 🚩
 - B . And the fact is that such a simple "**Lung-Airstreams Epidemic Prevention Law**" only is really life required of all citizens in HK. Similarly, as to save the **SARS** calamity in HK & national that my "**wash lung**" with attach other an invention to point cancer full in force and not any negative effect the "**freezing**" two treatment because equal physiotherapy so will constant in millennium, but **Yuan Guoyong, SC Hui** these medical monsters just want to continue conceal only can to steal use for their own friend, especially as the wear mask to harmful health also on March 30, 2020 to Chief Secretary for Administration the letter still more perfectly clear, but why the Department of health still must to squander public money to all the people distribute masks of "**CuMask**" so low Q to regard as the "**Lung-Airstreams Epidemic Prevention Law**" does not exist? **This is the greatest misfortune of HK today!** 🚩
 - C . As also received my fax the **Oriental Daily** why still will be loss of humanity to publish 『The HK Gov., to resist epidemic already to pull a white flag, so the MP must respond ten asks of **Oriental**』 on April 02, 2020, and can to see the **Oriental** just reverse side to publicize as above fraud “**diagnosis**” means of **Century Virus** and to menace HK Gov., with MP continue run to crooked road, no wonder all MP on the contrary to group wear mask to shut up kneel down to play continue to **cheat public** that must have relation, no wonder lately that HK’s freedom of information the index at globe to slump seven place

ranked No. 80, **still no wonder** only to conceal the "wash lung" & "freezing" two big treatment that have been slaughtered the HK citizen early already to exceed 300000 that critical consequences so far not yet resolved..., now only can to inform all the media host with MP of HK must have minimum self humanity dignity, the simple "**Lung-Airstreams Epidemic Prevention Law**" must to pass on all citizen already to be duty-bound, if again to be perverse also useless, especially as at www.ycec.com/HK/YellowPeril-hk.htm the bottom can to see, that have total 175 countries in Beijing, Taiwan & consulate in HK their already early to known "**Lung-Airstreams Epidemic Prevention Law**" from where to come, include a child of three age to once teach will be good, and above to upside down right and wrong the "diagnosis" rubbish means also at this main page to be **badly bruised from flogging**, then in worldwide the **Hundred-Age Exempt Doctor Era** already to come, and don't again to play the role of assistant of as above the medical demons to repent and be saved! 🇨🇭

In particular I must at here, inform any media hosts and HK MP is, above the **out of body the germs** or **virus** the "diagnosis" test kit of **medical demon** that already by college of medicine of **HKU, CUHK & PolyU** to dispatch to countries around the world early on January this year, but that do not know the fraud fact those countries must be a lot of "diagnosis" cases, if still must to **wear masks** to quarantine, and if the fever again let who to eat antipyretics such as murder, because it is not as SARS so small germs it is difficult permanent in lung cavity to propagation so non-wash lung can't, but ordinary cold the fever into lung the germs equal bigger so to permanent in lung to propagation not easy, but then to fly out to touch mask it have the chance to **re-suck back** again into the lung and then not to long encamp to breed can't, because this **gregarious characteristics** of **germs** are plenty, especially then to eating antipyretics after it will beneficial to extend the lung cavity and will anti-aid fertility of **germs** substantial increase the virus into the blood, therefore, **wear masks** that not just like as a murder trap! 🇨🇭 Such as non-fever who, in air the **germs** to have plenty of if from breathe to come in and go out still a normality, but not to wear masks can not it will opposite to lift **germs** to have the breed a chance so become a **joke** of **epidemic prevention** that also the resulting! 🇨🇭

But nowadays, the America and European countries all fall into a trap from above the "diagnosis" test kit and why have so many death tolls? That is to be trapped the evil consequence by this magic mask of murder, thus obvious, if anyone media with MP of HK are still not to widely taught the "**Lung-Airstreams Epidemic Prevention Law**" for citizen and contrarily again to set an example of wear masks after its murder public of the crime immediately established, my this letter will fax to each law firm and it can use as testimony to sue for claims for the sufferers!

If you have any questions, please call: 86-755-2535-3546 or email to ycec_lzm@yahoo.com.hk to me!

This letter will be available to download from www.ycec.com/HK/200515e.pdf or turn ycec.sg or ycec.net later!

Sincerely!
