Dear Sir:

I, Lin Zheman, D188018(3).

Recently as shown in the **TV**, the reopening of schools still force students to wear mask, especially when I had sent a letter to Mr. **Xiang Zhang** President of HKU at www.ycec.com/HK/200128.pdf on Jan., 28, 2020 already has been widely spread in HK and to known the world, if in that the "**Lung-Airstreams Epidemic Prevention Law**" to use why can to regard as the **Centenarian Exempt-doctor era** coming does not exist? But today's all the **masked students** are frowning forced to politicize obvious it violate justice of the gods! 🚫

In particular, also at www.ycec.com/HK/200602e.pdf two week before, I had a letter to Commissioner of Police in that the "**wear masks similar to a murder trap**" as middle school students then **wear masks** while running to **sudden die** and in the end of May those four days actually had three policemen to **sudden death** that critical cause of death solely to **wear masks** the epidemic prevention dynamics limited but anaerobic respiration as a **mountain sickness patient's** blood anoxic after brain apoplexy to **sudden deaths** are clearly no doubt, but still see you sometimes **wear masks** on TV to mislead the public and students their **non-wear masks** can not but other a harm at where for a short while to write **left out** just for a subject on today this letter!

Firstly, just as children who are 3years old and below have low lung capacity; thus, they can not to **wear masks** is widely known, is it not to running of those **masks-students** for a short while death can not you just can turn a blind eye: 🚫

Firstly, **wear a mask** so impeded respiration hypoxia also as **mountain sickness** of brain cell death increasing never will not at once to leave high mountain or get back to take off the mask that just can to lead the brain cell death to resurrection, also for current medical blind spot but to a little promptly clear;

Secondly, **masks-students** hypoxia after the death of brain cells will day by day to add still can to lead in growing up of the brain wisdom a frame to abnormal as **inferiority complex** and other **pathologies** also will be to increment at any time for current medical blind spot but to a little promptly clear too;

Thirdly, **masks-students** regular back and forth to come in and go out the humidity of breath it could have to **soaked mask** undoubtedly, also can make **pulmonary edema** and **cerebral edema** to expand if mild form such as headache, dizziness, loss of appetite, insomnia, nausea and already not the medical blind spot, but still can studious to study?

In short, from www.ycec.com/HK/200515e.pdf of my a letter to **Leung Kwan-yuen** Chair of **LegCo** visible that the **medical scams** by out of body things to "**diagnosis**" in body **morbidity** all by college of medicine of **HKU, CUHK, HSU** etc. **Uni.** to **forged out**, and at www.ycec.com/HK/YellowPeril.htm has more details can be seen, that is as small bacteria of **SARS** or **Covid-19** only can easy into the lung to breed after if the virus into the blood to transcend the mediate function only has fever as a ordinary cold, but if the "**Lung-Airstreams Epidemic Prevention Law**" to use after that just can to run away germs of

lung no again to fever **need not** to "**wash lung**" such as **SARS** that year, so still must to **wear mask, wash hands frequently** and interval **1.5 meter** such **low Q?** The **Yuan Guoyong, SC Hui** and **Gabriel Leung** etc. of **medicine monsters** their **have the abilities to denying?** 🇨🇳

Also the same as www.ycec.com/HK/200613e.pdf that I again a letter to **Leung Kwan-yuen** Chair, Excellency you the same have the **Heavenly duty** to look into above the criminal behavior of **medicine monsters** if not you will be to sin plus one grade, and more must not wrong handle students rush in the murder trap of mask unpopularity, to harm the end to harm oneself, keep in mind! 🇨🇳

This letter can be found at www.ycec.com/HK/200616e.pdf or home page in www.ycec.com/HK/CarrieLam.htm the **Chinese** or English version, or change to ycec.sg and ycec.net which are available for download!

Sincerely!

June 16, 2020
